Hi Paula,

We're finalizing the state by state transitions document, and there's a few bullets on grants that are missing the amount of funding awarded and other info. Please see below comments in red and provide the funding numbers/other info to everyone cced as soon as you can this afternoon – thanks so much!

- **Community-Scale Air Toxics Ambient Monitoring Grant:** EPA awarded the Virginia Department of Environmental Quality, a Community-Scale Air Toxics Ambient Monitoring Grant for an air quality and health risk assessment for air toxics in two Southeastern Tidewater communities: the Lambert's Point Community (LP) and Southeast community (SE) both of which are underserved. Amount of funding?
